

*Hello I'm*

**BRYCE  
WHITE**

**Business  
Management  
Major**

## **ABOUT ME**

I'm from El Dorado Hills, CA, but I was born in San Diego and even lived in Austin, Texas, for a little bit. My favorite hobby is fishing, and in high school, I competed for 3 years and was ranked 4th in California my junior year. I chose UNR because it's close enough to home to feel like I'm living on my own, but close enough so I can drive home for the weekend when need be

### **POST COLLEGE CAREER**

- I am a business management major, and I'm not too sure what career I want to go into after college, obviously something business-related, but I'm going to see where the wind takes me for now, and where I'd end up working

### **TECHNOLOGY BACKGROUND**

- I'd say I have a pretty good technical background. I've been using computers and other forms of technology since I was little. I've been using Word and Sheets lately to help out with school and non-school-related materials.
